

# Brutus Grinder

Rome Grinding Solutions' Brutus 6 is one of the most versatile grinders that Rome manufacturers. The Brutus 6 has an ultra-small footprint and optionally can be mounted with wheels to provide mobility for smaller sample grinds. Manufactured from stainless steel, the Brutus 6 is built for longevity, durability as well as flexibility. The Brutus 6 can reach grind rates of up to 6,000 lbs/hr\*.

- Ideal for small processors
- Movable unit in a small footprint
- Unique retaining ring simplifies the sanitation process and enhances safety
- Perfect for USDA sample runs or small volume processing
- Hygienically designed table

### Built to Last

Rome is the only grinder manufacturer that constructs its feedscrews and barrels out of one-piece of solid stainless steel. This removes the risk of cracking and weld failures because there are no weld joints. This also allows for longer production run usage.

Brutus Model	Initial Grind*	Final Grind*	Applications
Brutus 6	Up to 6k lbs/hr	Up to 3.1k lbs/hr	Fresh Meat, Tempered & Animal By-products

**Proven Performance. Rome. Trusted Partner.**

# Brutus Grinder

## Standard Materials

- **Stainless steel:** Table and Belt Guard, Retaining Ring\*, Deflector Shield, Hopper Extension, and Retaining Ring Lifter
- **CNC machined solid 1-piece stainless steel:** Feedscrew\*, Head/Fluting\* and Retaining Ring
- **5/8" heavy duty stainless steel:** Hopper\*

## Standard Equipment

- Hopper Extension
- Plate Lifter
- Retaining Ring Wrench

## Specifications

- **Plate diameter\*\*** – 6 inches
- **Motor** – 15 to 25 hp
- **Dimensions** – 58x28x56 inches
- **Weight** – 1,300 lbs
- **Voltage** – 460V / 60Hz / 3ph

## Available Options

- Application specific barrels
- Leg extensions
- Wheels
- Hopper extensions with 3 size options

## Grinder Parts & Services

### Empress Series Cutting Plates

- Champion Plates are designed for rendering, bone grinding and frozen applications
- Legend Plates have minimal flex to maintain a sharp cutting edge
- Imperial Plates hold a sharper cutting edge longer than other option

### Hercules Gearboxes - New and Rebuilds

- Class 12 bull gears, pinions and heavy duty cast steel case
- 35% more tensile strength vs. the competition
- Cooler operating temperatures and minimal noise
- Repair Kits and Repair Service available

### Added Value Services

- Complimentary processing line and grinder audits to help you optimize your production rates, improve current processes, and decrease operating costs
- Equipment rebuilds – quick and knowledgeable grinder and parts repair/refurbish
- In-house engineering – helps ensure a grinder configured specifically for your facility
- Free machine delivery to many areas in the lower 48 states
- Large in-stock parts inventory with same-day shipping for orders before 2 pm CT
